Description: The Experiential Learning Award recognizes faculty and staff who require undergraduate students to go beyond mastering basic skills and knowledge in the application of that material to problem solving challenges. These activities involve collaboration and reflective learning and allow students to learn in environments that align with their aptitudes.

* 1 Faculty and 1 Staff Award per year

*Winners are not eligible to win two years in a row

Electronic submission nomination packets are due to Dedie Wilson (byfieldr@mst.edu)

A single pdf. electronic packet must include:

Signed nomination form, nominator supporting statement (limit 2 pages), and up to three letters of support (limit 1 page each)
not following these instructions could result in being disqualified
